1:45 – 2:45	free swim
2:45 – 3:00	change from swim
3:00 – 3:20	Dismissal

Open Studio:

Weave, paint, create. Campers will explore various art mediums through painting, print making, and textiles such as yarn, charcoal, and colored pencils culminating in two and three dimensional forms. The emphasis in our studio will be on process. With our materials and surroundings to draw from, the possibilities are endless!

Creative Lens:

Exploring the concepts of realistic image through photographs, collage, and shadow-boxing, campers will explore their creative lens. Our art studio provides an opportunity to experiment with classic materials such as pencil, charcoal, chinks, and paints that are modern art forms both abstract and realistic. Creative Lens culminates in a live, group photo journalism expedition to capture Summer at Park's annual derby race where campers capture the event in images and writing. Don't miss out on this explosion of art impulsivity!

Playhouse Theatre:

In a theater of the natural elements, the outdoors comes our stage. Campers will uncover and develop an alter ego through mask making, painting, karaoke, and performance. Inspired by a camper favorite, this camp celebrates creativity, artistic process, teambuilding, and collaborative play in a two-week journey through various modes of performance and visual arts. Come bring the theatre to life in this not to miss summer favorite!
